for the benefit of  
Waukesha Memorial Hospital

Dear Dave:

Thank you for bringing in the \$17,500 as proceeds of the 6<sup>th</sup> annual BC Open UA. We appreciate your continuing support that now totals \$60,000. As always, you and the other board members did a fabulous job in organizing the event. Please know that the BC Open UA has played a big part in bringing potentially life saving cancer studies to our broader community.

The Regional Cancer Center's clinical research program has been able to offer much more to patients including studies for many different types of cancers involving both chemotherapies and radiation therapies. As of October, 52 patients have been enrolled onto oncology clinical trials this year. The Regional Cancer Center is currently following approximately 550 patients on trials and more than 1,700 patients have been enrolled since the program's inception. We appreciate your support and your endorsement of our services through this most generous gift.

In 2009 the Regional Cancer Center welcomed Dr. Christopher Hake, a medical oncologist and Dr. Janet Drake, a gynecologic oncologist. As a result, the Regional Cancer Center has been able to increase the number of gynecologic trials open and is working to obtain an affiliate membership in the Gynecologic Oncology Group.

To comply with federal tax law for gifts of \$250 or more, we acknowledge that you have received no goods or services in return for your convenience. Please keep this receipt as substantiation of any charitable contribution deduction.

Thank you for being our partner. Please let me know if I can be of assistance for your 2010 event.

With gratitude,

Martha M. Schmidt  
Development Officer
